WALK LIKE A ROCKSTAR

Fundraising “Rockstars”

Walk for Free, Make 10x the Impact

We hope all walkers will take the opportunity to maximize their impact by fundraising to support the kids served by BCLC.

To make it even easier, we introduce **ROCKSTAR Registration**, and it's **free**. Rockstar Walkers pledge to raise \$500 or more towards improving lives. This registration doesn't include the official walk t-shirt, but you'll still get one once you raise \$500.

Raising support for Blind Children's Learning Center via your personal fundraising page is a key part of **Destination Independence 5K Walk**. Hundreds of individual walkers are why BCLC can provide children with visual impairments the services they need to meet their potential.

To make it easy, use the **Walker Impact Guide** for help setting and reaching your fundraising goal.

If just half of registered walkers pass the \$500 fundraising mark, that's almost \$100,000 more going directly to essential services compared to 2017.

That means more navigation training, more Braille & low vision services, and more early intervention during a child's foundational years. Thank you for playing such an important role in shaping **independent** futures for these incredible children.
